

NT-C-039 | SAP FICO | Course Knowledge Profile

Identity, purpose, prerequisites, scope and boundaries

Category	ERP & Finance
Target learners	Commerce and finance learners targeting SAP finance support or end-user roles.
Prerequisites	Accounting fundamentals; ERP awareness is helpful.
Approved duration	16-20 weeks / 180-240 guided hours.
Final outcome	Execute and explain core SAP financial accounting and controlling processes in a configured training environment.
Assessment profile	Business/Office

Approved tools / platforms

Authorised SAP training system, SAP GUI or browser access, finance process documentation and spreadsheet support.

Knowledge boundaries

Include	Quality rule	Exclude / escalate
The eight approved modules, four sections, named tools, projects and mapped entry-level roles.	Require accurate records, transparent formulas or workflows, validation controls, business explanation and reproducible outputs.	Do not use outdated rates, laws or platform procedures without date-specific verification.
Current product/platform procedures only when version and date are known.	Use primary documentation and record the source version.	Do not invent current commands, prices, tax rates, policies or certification status.
Evidence-based career guidance.	Cite tests, projects, capstone, viva and verified resume evidence.	No guaranteed job, placement, salary, interview or employer claim.

LLM answer pattern: identify the course and version, answer from approved records, cite record IDs, distinguish verified facts from guidance, and state any missing evidence.

NT-C-039 | SAP FICO | NT-C-039-S01 Deep Knowledge

Modules 1-2 | objectives, concepts, evidence and remediation

Section competency	Navigation, organisational structure and integration; Company code, chart of accounts, customers and vendors
Completion evidence	Process map; Master-data exercise
Section weight	20% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 1 - ERP and SAP foundation

Objective: Navigation, organisational structure and integration

Observable evidence: Process map

Concept	Approved knowledge statement	Application behaviour	Evidence
Navigation	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when navigation is appropriate; apply it in a SAP FICO task; verify the result.	Process map
organisational structure	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when organisational structure is appropriate; apply it in a SAP FICO task; verify the result.	Process map
integration	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when integration is appropriate; apply it in a SAP FICO task; verify the result.	Process map

Module 2 - Master data

Objective: Company code, chart of accounts, customers and vendors

Observable evidence: Master-data exercise

Concept	Approved knowledge statement	Application behaviour	Evidence
Company code	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when company code is appropriate; apply it in a SAP FICO task; verify the result.	Master-data exercise
chart of accounts	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when chart of accounts is appropriate; apply it in a SAP FICO task; verify the result.	Master-data exercise
customers	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when customers is appropriate; apply it in a SAP FICO task; verify the result.	Master-data exercise
vendors	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when vendors is appropriate; apply it in a SAP FICO task; verify the result.	Master-data exercise

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Process map; Master-data exercise, return to Modules 1-2, complete one guided practice and then use a new equivalent test form.

NT-C-039 | SAP FICO | NT-C-039-S02 Deep Knowledge

Modules 3-4 | objectives, concepts, evidence and remediation

Section competency	Posting, document control and reporting; Vendor invoices, payments and reconciliation
Completion evidence	GL cycle; AP process
Section weight	25% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 3 - General ledger

Objective: Posting, document control and reporting

Observable evidence: GL cycle

Concept	Approved knowledge statement	Application behaviour	Evidence
Posting	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when posting is appropriate; apply it in a SAP FICO task; verify the result.	GL cycle
document control	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when document control is appropriate; apply it in a SAP FICO task; verify the result.	GL cycle
reporting	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when reporting is appropriate; apply it in a SAP FICO task; verify the result.	GL cycle

Module 4 - Accounts payable

Objective: Vendor invoices, payments and reconciliation

Observable evidence: AP process

Concept	Approved knowledge statement	Application behaviour	Evidence
Vendor invoices	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when vendor invoices is appropriate; apply it in a SAP FICO task; verify the result.	AP process
payments	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when payments is appropriate; apply it in a SAP FICO task; verify the result.	AP process
reconciliation	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when reconciliation is appropriate; apply it in a SAP FICO task; verify the result.	AP process

Remediation: If the learner cannot explain the purpose, complete the stated task or provide GL cycle; AP process, return to Modules 3-4, complete one guided practice and then use a new equivalent test form.

NT-C-039 | SAP FICO | NT-C-039-S03 Deep Knowledge

Modules 5-6 | objectives, concepts, evidence and remediation

Section competency	Customer billing, receipts and dunning concepts; Asset master, acquisition, depreciation and retirement
Completion evidence	AR process; Asset lifecycle
Section weight	25% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 5 - Accounts receivable

Objective: Customer billing, receipts and dunning concepts

Observable evidence: AR process

Concept	Approved knowledge statement	Application behaviour	Evidence
Customer billing	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when customer billing is appropriate; apply it in a SAP FICO task; verify the result.	AR process
receipts	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when receipts is appropriate; apply it in a SAP FICO task; verify the result.	AR process
dunning concepts	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when dunning concepts is appropriate; apply it in a SAP FICO task; verify the result.	AR process

Module 6 - Asset accounting

Objective: Asset master, acquisition, depreciation and retirement

Observable evidence: Asset lifecycle

Concept	Approved knowledge statement	Application behaviour	Evidence
Asset master	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when asset master is appropriate; apply it in a SAP FICO task; verify the result.	Asset lifecycle
acquisition	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when acquisition is appropriate; apply it in a SAP FICO task; verify the result.	Asset lifecycle
depreciation	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when depreciation is appropriate; apply it in a SAP FICO task; verify the result.	Asset lifecycle
retirement	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when retirement is appropriate; apply it in a SAP FICO task; verify the result.	Asset lifecycle

Remediation: If the learner cannot explain the purpose, complete the stated task or provide AR process; Asset lifecycle, return to Modules 5-6, complete one guided practice and then use a new equivalent test form.

NT-C-039 | SAP FICO | NT-C-039-S04 Deep Knowledge

Modules 7-8 | objectives, concepts, evidence and remediation

Section competency	Bank, tax awareness, accruals and closing tasks; Cost centres, profit centres, internal orders and integration
Completion evidence	Close checklist; End-to-end finance case
Section weight	30% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 7 - Period close

Objective: Bank, tax awareness, accruals and closing tasks

Observable evidence: Close checklist

Concept	Approved knowledge statement	Application behaviour	Evidence
Bank	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when bank is appropriate; apply it in a SAP FICO task; verify the result.	Close checklist
tax awareness	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when tax awareness is appropriate; apply it in a SAP FICO task; verify the result.	Close checklist
accruals	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when accruals is appropriate; apply it in a SAP FICO task; verify the result.	Close checklist
closing tasks	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when closing tasks is appropriate; apply it in a SAP FICO task; verify the result.	Close checklist

Module 8 - Controlling capstone

Objective: Cost centres, profit centres, internal orders and integration

Observable evidence: End-to-end finance case

Concept	Approved knowledge statement	Application behaviour	Evidence
Cost centres	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when cost centres is appropriate; apply it in a SAP FICO task; verify the result.	End-to-end finance case
profit centres	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when profit centres is appropriate; apply it in a SAP FICO task; verify the result.	End-to-end finance case
internal orders	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when internal orders is appropriate; apply it in a SAP FICO task; verify the result.	End-to-end finance case
integration	A defined competency within SAP FICO. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when integration is appropriate; apply it in a SAP FICO task; verify the result.	End-to-end finance case

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Close checklist; End-to-end finance case, return to Modules 7-8, complete one guided practice and then use a new equivalent test form.

NT-C-039 | SAP FICO | Skill Ontology & Dependency Map

Atomic skills, learning order and evidence strength

Skill ID	Competency	Depends on	Evidence	Type
NT-C-039-SK01	ERP and SAP foundation	Prerequisite foundation	Process map	Critical
NT-C-039-SK02	Master data	M01 plus earlier foundations	Master-data exercise	Critical
NT-C-039-SK03	General ledger	M02 plus earlier foundations	GL cycle	Supporting
NT-C-039-SK04	Accounts payable	M03 plus earlier foundations	AP process	Supporting
NT-C-039-SK05	Accounts receivable	M04 plus earlier foundations	AR process	Supporting
NT-C-039-SK06	Asset accounting	M05 plus earlier foundations	Asset lifecycle	Critical
NT-C-039-SK07	Period close	M06 plus earlier foundations	Close checklist	Supporting
NT-C-039-SK08	Controlling capstone	M07 plus earlier foundations	End-to-end finance case	Critical

Evidence-strength hierarchy

Strength	Evidence source	Use
High	Trainer-observed practical, viva, working source/project files and reproducible output.	May support verified mastery when rubric threshold is met.
Medium	Scored mock tests, reviewed assignments and documented portfolio artifacts.	Supports mastery with corroboration.
Low	Resume claim, self-report, attendance or video completion without demonstration.	May trigger verification; cannot alone support Apply Now.

CareerTours must not treat attendance, time spent or content opened as skill mastery.

NT-C-039 | SAP FICO | Assessment Knowledge & Sample Items

Non-live examples for LLM training and evaluation

Sample ID	Type	Question	Approved answer / rubric anchor
NT-C-039-S01-EX01	Evidence/application	What evidence best demonstrates the combined competency of ERP and SAP foundation and Master data?	The learner should provide Process map; Master-data exercise and explain how the work applies Navigation, organisational structure and integration; Company code, chart of accounts, customers and vendors. Recall alone is insufficient.
NT-C-039-S01-EX02	Scenario/remediation	A learner reports completing Master data but cannot produce Master-data exercise. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-039-S01, request Master-data exercise, and allow a new equivalent test only after remediation.
NT-C-039-S02-EX01	Evidence/application	What evidence best demonstrates the combined competency of General ledger and Accounts payable?	The learner should provide GL cycle; AP process and explain how the work applies Posting, document control and reporting; Vendor invoices, payments and reconciliation. Recall alone is insufficient.
NT-C-039-S02-EX02	Scenario/remediation	A learner reports completing Accounts payable but cannot produce AP process. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-039-S02, request AP process, and allow a new equivalent test only after remediation.
NT-C-039-S03-EX01	Evidence/application	What evidence best demonstrates the combined competency of Accounts receivable and Asset accounting?	The learner should provide AR process; Asset lifecycle and explain how the work applies Customer billing, receipts and dunning concepts; Asset master, acquisition, depreciation and retirement. Recall alone is insufficient.
NT-C-039-S03-EX02	Scenario/remediation	A learner reports completing Asset accounting but cannot produce Asset lifecycle. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-039-S03, request Asset lifecycle, and allow a new equivalent test only after remediation.
NT-C-039-S04-EX01	Evidence/application	What evidence best demonstrates the combined competency of Period close and Controlling capstone?	The learner should provide Close checklist; End-to-end finance case and explain how the work applies Bank, tax awareness, accruals and closing tasks; Cost centres, profit centres, internal orders and integration. Recall alone is insufficient.
NT-C-039-S04-EX02	Scenario/remediation	A learner reports completing Controlling capstone but cannot produce End-to-end finance case. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-039-S04, request End-to-end finance case, and allow a new equivalent test only after remediation.

Live bank rule: Generate at least three times the live quantity for each section using the approved Business/Office blueprint. Human-review every scored item before initial production release.

NT-C-039 | SAP FICO | Labs, Projects & Scoring Rubrics

Practical proof of learning and ownership

Level	Approved project	Skills evidenced	Required deliverables
Mini 1	GL posting cycle	Master data and documents	Brief; working/source file or reproducible environment; output; validation notes; reflection.
Mini 2	AP/AR process case	Invoices, payments and reconciliation	Brief; working/source file or reproducible environment; output; validation notes; reflection.
Capstone	Finance month close	FICO integration and reporting	Brief; working/source file or reproducible environment; output; validation notes; reflection.

Standard project rubric

Dimension	Weight	What earns credit
Problem framing	15%	Clear objective, user/business need, assumptions and success criteria.
Technical/design accuracy	25%	Correct methods, appropriate tools and sound decisions.
Completeness	15%	Required features, assets, data or workflow are present.
Testing and validation	15%	Important normal, edge, quality or failure cases are checked.
Evidence and reproducibility	15%	Source/working files, setup, inputs, outputs and version information are available.
Documentation	5%	Concise structure, instructions and limitations.
Viva / ownership	10%	Learner can explain decisions, demonstrate work and respond to a change request.

Require accurate records, transparent formulas or workflows, validation controls, business explanation and reproducible outputs.

NT-C-039 | SAP FICO | Career Roles, Evidence & Gap Actions

Explainable top-three occupation matching

Rank	Occupation	Default weighted skills	Minimum evidence	Gap action
1	SAP FICO End-User Trainee	Transactions 34% [critical]; documents 33% [critical]; reports 33%	Process evidence	If a critical skill is below 60 or process evidence is missing, return Improve First or Needs Evidence with the linked module/project.
2	Finance ERP Support Trainee	Master data 50% [critical]; issue analysis 50% [critical]	Support case	If a critical skill is below 60 or support case is missing, return Improve First or Needs Evidence with the linked module/project.
3	Junior SAP FICO Associate	FI/CO process understanding 100% [critical]	Integrated capstone	If a critical skill is below 60 or integrated capstone is missing, return Improve First or Needs Evidence with the linked module/project.

Course readiness	45% section mocks + 20% mini projects + 25% capstone + 10% viva.
Role readiness	45% role-relevant mastery + 25% projects/capstone + 20% aligned mocks + 10% verified resume evidence.
Evidence confidence	Show separately; Apply Now requires at least 70.
Resume extraction	Use only relevant skills, projects, education, experience and portfolio evidence; minimise personal data before external model processing.

A student may be Apply Now for one mapped occupation and Improve First for another. Return independent evidence and gaps for each role.

NT-C-039 | SAP FICO | FAQs, Misconceptions & LLM Response Pack

Course-specific retrieval and response patterns

Approved FAQ	Answer
Who is SAP FICO for?	Commerce and finance learners targeting SAP finance support or end-user roles.
What should I know before starting?	Accounting fundamentals; ERP awareness is helpful.
How long is the approved learning journey?	16-20 weeks / 180-240 guided hours.
What will I be able to demonstrate?	Execute and explain core SAP financial accounting and controlling processes in a configured training environment.
Does completion guarantee a job?	No. Completion and role readiness are evidence-based guidance; employment, placement, salary and employer selection are not guaranteed.
What if I fail a section?	CareerTours identifies the failed skill tags and module, assigns targeted practice, and permits an equivalent retest after remediation.

Misconception	Approved correction
Attendance proves mastery	False - require tests and observable practical/project evidence.
One total score proves every role fit	False - calculate each occupation using its weighted skills and evidence.
The LLM can add missing details	False - retrieve approved records or state that evidence is insufficient.
Course completion guarantees employment	False - never claim guaranteed job, placement, salary or interview.
SAP FICO knowledge never changes	False - version-sensitive tools, laws, taxes, security and platform procedures require review.
