

NT-C-008 | Digital Marketing | Course Knowledge Profile

Identity, purpose, prerequisites, scope and boundaries

Category	Marketing
Target learners	Students, job seekers, entrepreneurs and professionals seeking measurable digital-campaign skills.
Prerequisites	Basic web and communication skills.
Approved duration	Approved working range: 12-16 weeks / 120-180 guided hours.
Final outcome	Plan, launch, measure and improve a compliant digital campaign across search, social, content and owned channels.
Assessment profile	Marketing

Approved tools / platforms

Google Ads, Google Analytics 4, Search Console, keyword and content tools, social-ad platforms; account access and current policies to confirm.

Knowledge boundaries

Include	Quality rule	Exclude / escalate
The eight approved modules, four sections, named tools, projects and mapped entry-level roles.	Require audience intent, compliant creative, conversion definitions, measurement, testing and evidence-based optimisation.	Do not promise reach, rankings, leads, revenue or monetisation; distinguish measured results from projections.
Current product/platform procedures only when version and date are known.	Use primary documentation and record the source version.	Do not invent current commands, prices, tax rates, policies or certification status.
Evidence-based career guidance.	Cite tests, projects, capstone, viva and verified resume evidence.	No guaranteed job, placement, salary, interview or employer claim.

LLM answer pattern: identify the course and version, answer from approved records, cite record IDs, distinguish verified facts from guidance, and state any missing evidence.
