

NT-C-037 | MS Office | Course Knowledge Profile

Identity, purpose, prerequisites, scope and boundaries

Category	Office Productivity
Target learners	Students and job seekers needing practical workplace computer skills.
Prerequisites	Basic computer use; beginners are welcome.
Approved duration	6-8 weeks / 50-80 guided hours.
Final outcome	Create professional documents, spreadsheets, presentations and email workflows using safe file-management practices.
Assessment profile	Business/Office

Approved tools / platforms

Microsoft Word, Excel, PowerPoint, Outlook and OneDrive or equivalent current Microsoft 365 tools.

Knowledge boundaries

Include	Quality rule	Exclude / escalate
The eight approved modules, four sections, named tools, projects and mapped entry-level roles.	Require accurate records, transparent formulas or workflows, validation controls, business explanation and reproducible outputs.	Do not use outdated rates, laws or platform procedures without date-specific verification.
Current product/platform procedures only when version and date are known.	Use primary documentation and record the source version.	Do not invent current commands, prices, tax rates, policies or certification status.
Evidence-based career guidance.	Cite tests, projects, capstone, viva and verified resume evidence.	No guaranteed job, placement, salary, interview or employer claim.

LLM answer pattern: identify the course and version, answer from approved records, cite record IDs, distinguish verified facts from guidance, and state any missing evidence.

NT-C-037 | MS Office | NT-C-037-S01 Deep Knowledge

Modules 1-2 | objectives, concepts, evidence and remediation

Section competency	Files, folders, keyboard, printing and security; Formatting, pages, tables and images
Completion evidence	Organised workspace; Professional document
Section weight	20% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 1 - Computer foundation

Objective: Files, folders, keyboard, printing and security

Observable evidence: Organised workspace

Concept	Approved knowledge statement	Application behaviour	Evidence
Files	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when files is appropriate; apply it in a MS Office task; verify the result.	Organised workspace
folders	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when folders is appropriate; apply it in a MS Office task; verify the result.	Organised workspace
keyboard	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when keyboard is appropriate; apply it in a MS Office task; verify the result.	Organised workspace
printing	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when printing is appropriate; apply it in a MS Office task; verify the result.	Organised workspace
security	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when security is appropriate; apply it in a MS Office task; verify the result.	Organised workspace

Module 2 - Word basics

Objective: Formatting, pages, tables and images

Observable evidence: Professional document

Concept	Approved knowledge statement	Application behaviour	Evidence
Formatting	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when formatting is appropriate; apply it in a MS Office task; verify the result.	Professional document
pages	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when pages is appropriate; apply it in a MS Office task; verify the result.	Professional document
tables	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when tables is appropriate; apply it in a MS Office task; verify the result.	Professional document
images	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when images is appropriate; apply it in a MS Office task; verify the result.	Professional document

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Organised workspace; Professional document, return to Modules 1-2, complete one guided practice and then use a new equivalent test form.

NT-C-037 | MS Office | NT-C-037-S02 Deep Knowledge

Modules 3-4 | objectives, concepts, evidence and remediation

Section competency	Styles, references, mail merge and review; Data entry, formulas, formatting and charts
Completion evidence	Structured report; Calculation workbook
Section weight	25% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 3 - Word productivity

Objective: Styles, references, mail merge and review

Observable evidence: Structured report

Concept	Approved knowledge statement	Application behaviour	Evidence
Styles	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when styles is appropriate; apply it in a MS Office task; verify the result.	Structured report
references	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when references is appropriate; apply it in a MS Office task; verify the result.	Structured report
mail merge	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when mail merge is appropriate; apply it in a MS Office task; verify the result.	Structured report
review	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when review is appropriate; apply it in a MS Office task; verify the result.	Structured report

Module 4 - Excel basics

Objective: Data entry, formulas, formatting and charts

Observable evidence: Calculation workbook

Concept	Approved knowledge statement	Application behaviour	Evidence
Data entry	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when data entry is appropriate; apply it in a MS Office task; verify the result.	Calculation workbook
formulas	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when formulas is appropriate; apply it in a MS Office task; verify the result.	Calculation workbook
formatting	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when formatting is appropriate; apply it in a MS Office task; verify the result.	Calculation workbook
charts	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when charts is appropriate; apply it in a MS Office task; verify the result.	Calculation workbook

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Structured report; Calculation workbook, return to Modules 3-4, complete one guided practice and then use a new equivalent test form.

NT-C-037 | MS Office | NT-C-037-S03 Deep Knowledge

Modules 5-6 | objectives, concepts, evidence and remediation

Section competency	Tables, filters, lookups and pivots basics; Slide structure, visuals, themes and delivery
Completion evidence	Summary report; Presentation deck
Section weight	25% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 5 - Excel reporting

Objective: Tables, filters, lookups and pivots basics

Observable evidence: Summary report

Concept	Approved knowledge statement	Application behaviour	Evidence
Tables	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when tables is appropriate; apply it in a MS Office task; verify the result.	Summary report
filters	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when filters is appropriate; apply it in a MS Office task; verify the result.	Summary report
lookups	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when lookups is appropriate; apply it in a MS Office task; verify the result.	Summary report
pivots basics	An interactive aggregation used to summarise and explore tabular data. In MS Office, it must be demonstrated through an observable task, not only recalled as a definition.	Explain when pivots basics is appropriate; apply it in a MS Office task; verify the result.	Summary report

Module 6 - PowerPoint

Objective: Slide structure, visuals, themes and delivery

Observable evidence: Presentation deck

Concept	Approved knowledge statement	Application behaviour	Evidence
Slide structure	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when slide structure is appropriate; apply it in a MS Office task; verify the result.	Presentation deck
visuals	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when visuals is appropriate; apply it in a MS Office task; verify the result.	Presentation deck
themes	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when themes is appropriate; apply it in a MS Office task; verify the result.	Presentation deck
delivery	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when delivery is appropriate; apply it in a MS Office task; verify the result.	Presentation deck

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Summary report; Presentation deck, return to Modules 5-6, complete one guided practice and then use a new equivalent test form.

NT-C-037 | MS Office | NT-C-037-S04 Deep Knowledge

Modules 7-8 | objectives, concepts, evidence and remediation

Section competency	Professional email, calendar, cloud files and sharing; Integrated document, workbook and presentation
Completion evidence	Collaboration task; Workplace portfolio
Section weight	30% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 7 - Email and collaboration

Objective: Professional email, calendar, cloud files and sharing

Observable evidence: Collaboration task

Concept	Approved knowledge statement	Application behaviour	Evidence
Professional email	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when professional email is appropriate; apply it in a MS Office task; verify the result.	Collaboration task
calendar	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when calendar is appropriate; apply it in a MS Office task; verify the result.	Collaboration task
cloud files	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when cloud files is appropriate; apply it in a MS Office task; verify the result.	Collaboration task
sharing	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when sharing is appropriate; apply it in a MS Office task; verify the result.	Collaboration task

Module 8 - Office capstone

Objective: Integrated document, workbook and presentation

Observable evidence: Workplace portfolio

Concept	Approved knowledge statement	Application behaviour	Evidence
Integrated document	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when integrated document is appropriate; apply it in a MS Office task; verify the result.	Workplace portfolio
workbook	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when workbook is appropriate; apply it in a MS Office task; verify the result.	Workplace portfolio
presentation	A defined competency within MS Office. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when presentation is appropriate; apply it in a MS Office task; verify the result.	Workplace portfolio

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Collaboration task; Workplace portfolio, return to Modules 7-8, complete one guided practice and then use a new equivalent test form.

NT-C-037 | MS Office | Skill Ontology & Dependency Map

Atomic skills, learning order and evidence strength

Skill ID	Competency	Depends on	Evidence	Type
NT-C-037-SK01	Computer foundation	Prerequisite foundation	Organised workspace	Critical
NT-C-037-SK02	Word basics	M01 plus earlier foundations	Professional document	Critical
NT-C-037-SK03	Word productivity	M02 plus earlier foundations	Structured report	Supporting
NT-C-037-SK04	Excel basics	M03 plus earlier foundations	Calculation workbook	Supporting
NT-C-037-SK05	Excel reporting	M04 plus earlier foundations	Summary report	Supporting
NT-C-037-SK06	PowerPoint	M05 plus earlier foundations	Presentation deck	Critical
NT-C-037-SK07	Email and collaboration	M06 plus earlier foundations	Collaboration task	Supporting
NT-C-037-SK08	Office capstone	M07 plus earlier foundations	Workplace portfolio	Critical

Evidence-strength hierarchy

Strength	Evidence source	Use
High	Trainer-observed practical, viva, working source/project files and reproducible output.	May support verified mastery when rubric threshold is met.
Medium	Scored mock tests, reviewed assignments and documented portfolio artifacts.	Supports mastery with corroboration.
Low	Resume claim, self-report, attendance or video completion without demonstration.	May trigger verification; cannot alone support Apply Now.

CareerTours must not treat attendance, time spent or content opened as skill mastery.

NT-C-037 | MS Office | Assessment Knowledge & Sample Items

Non-live examples for LLM training and evaluation

Sample ID	Type	Question	Approved answer / rubric anchor
NT-C-037-S01-EX01	Evidence/application	What evidence best demonstrates the combined competency of Computer foundation and Word basics?	The learner should provide Organised workspace; Professional document and explain how the work applies Files, folders, keyboard, printing and security; Formatting, pages, tables and images. Recall alone is insufficient.
NT-C-037-S01-EX02	Scenario/remediation	A learner reports completing Word basics but cannot produce Professional document. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-037-S01, request Professional document, and allow a new equivalent test only after remediation.
NT-C-037-S02-EX01	Evidence/application	What evidence best demonstrates the combined competency of Word productivity and Excel basics?	The learner should provide Structured report; Calculation workbook and explain how the work applies Styles, references, mail merge and review; Data entry, formulas, formatting and charts. Recall alone is insufficient.
NT-C-037-S02-EX02	Scenario/remediation	A learner reports completing Excel basics but cannot produce Calculation workbook. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-037-S02, request Calculation workbook, and allow a new equivalent test only after remediation.
NT-C-037-S03-EX01	Evidence/application	What evidence best demonstrates the combined competency of Excel reporting and PowerPoint?	The learner should provide Summary report; Presentation deck and explain how the work applies Tables, filters, lookups and pivots basics; Slide structure, visuals, themes and delivery. Recall alone is insufficient.
NT-C-037-S03-EX02	Scenario/remediation	A learner reports completing PowerPoint but cannot produce Presentation deck. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-037-S03, request Presentation deck, and allow a new equivalent test only after remediation.
NT-C-037-S04-EX01	Evidence/application	What evidence best demonstrates the combined competency of Email and collaboration and Office capstone?	The learner should provide Collaboration task; Workplace portfolio and explain how the work applies Professional email, calendar, cloud files and sharing; Integrated document, workbook and presentation. Recall alone is insufficient.
NT-C-037-S04-EX02	Scenario/remediation	A learner reports completing Office capstone but cannot produce Workplace portfolio. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-037-S04, request Workplace portfolio, and allow a new equivalent test only after remediation.

Live bank rule: Generate at least three times the live quantity for each section using the approved Business/Office blueprint. Human-review every scored item before initial production release.

NT-C-037 | MS Office | Labs, Projects & Scoring Rubrics

Practical proof of learning and ownership

Level	Approved project	Skills evidenced	Required deliverables
Mini 1	Business letter pack	Word formatting and mail merge	Brief; working/source file or reproducible environment; output; validation notes; reflection.
Mini 2	Office expense report	Excel formulas and charts	Brief; working/source file or reproducible environment; output; validation notes; reflection.
Capstone	Management meeting pack	Document, workbook and presentation	Brief; working/source file or reproducible environment; output; validation notes; reflection.

Standard project rubric

Dimension	Weight	What earns credit
Problem framing	15%	Clear objective, user/business need, assumptions and success criteria.
Technical/design accuracy	25%	Correct methods, appropriate tools and sound decisions.
Completeness	15%	Required features, assets, data or workflow are present.
Testing and validation	15%	Important normal, edge, quality or failure cases are checked.
Evidence and reproducibility	15%	Source/working files, setup, inputs, outputs and version information are available.
Documentation	5%	Concise structure, instructions and limitations.
Viva / ownership	10%	Learner can explain decisions, demonstrate work and respond to a change request.

Require accurate records, transparent formulas or workflows, validation controls, business explanation and reproducible outputs.

NT-C-037 | MS Office | Career Roles, Evidence & Gap Actions

Explainable top-three occupation matching

Rank	Occupation	Default weighted skills	Minimum evidence	Gap action
1	Office Assistant	Documents 34% [critical]; spreadsheets 33% [critical]; email 33%	Office portfolio	If a critical skill is below 60 or office portfolio is missing, return Improve First or Needs Evidence with the linked module/project.
2	Computer Operator	Data entry 34% [critical]; files 33% [critical]; basic reporting 33%	Accuracy exercise	If a critical skill is below 60 or accuracy exercise is missing, return Improve First or Needs Evidence with the linked module/project.
3	Administrative Support Executive	Communication 34% [critical]; calendar 33% [critical]; reports 33%	Integrated capstone	If a critical skill is below 60 or integrated capstone is missing, return Improve First or Needs Evidence with the linked module/project.

Course readiness	45% section mocks + 20% mini projects + 25% capstone + 10% viva.
Role readiness	45% role-relevant mastery + 25% projects/capstone + 20% aligned mocks + 10% verified resume evidence.
Evidence confidence	Show separately; Apply Now requires at least 70.
Resume extraction	Use only relevant skills, projects, education, experience and portfolio evidence; minimise personal data before external model processing.

A student may be Apply Now for one mapped occupation and Improve First for another. Return independent evidence and gaps for each role.

NT-C-037 | MS Office | FAQs, Misconceptions & LLM Response Pack

Course-specific retrieval and response patterns

Approved FAQ	Answer
Who is MS Office for?	Students and job seekers needing practical workplace computer skills.
What should I know before starting?	Basic computer use; beginners are welcome.
How long is the approved learning journey?	6-8 weeks / 50-80 guided hours.
What will I be able to demonstrate?	Create professional documents, spreadsheets, presentations and email workflows using safe file-management practices.
Does completion guarantee a job?	No. Completion and role readiness are evidence-based guidance; employment, placement, salary and employer selection are not guaranteed.
What if I fail a section?	CareerTours identifies the failed skill tags and module, assigns targeted practice, and permits an equivalent retest after remediation.

Misconception	Approved correction
Attendance proves mastery	False - require tests and observable practical/project evidence.
One total score proves every role fit	False - calculate each occupation using its weighted skills and evidence.
The LLM can add missing details	False - retrieve approved records or state that evidence is insufficient.
Course completion guarantees employment	False - never claim guaranteed job, placement, salary or interview.
MS Office knowledge never changes	False - version-sensitive tools, laws, taxes, security and platform procedures require review.
