

NT-C-038 | Tally Prime with GST | Course Knowledge Profile

Identity, purpose, prerequisites, scope and boundaries

Category	Accounting & Taxation
Target learners	Commerce learners, business staff and job seekers targeting accounts and billing roles.
Prerequisites	Basic accounting understanding is helpful.
Approved duration	8-10 weeks / 80-120 guided hours.
Final outcome	Record business transactions, manage inventory and produce controlled accounting and GST reports in TallyPrime.
Assessment profile	Business/Office

Approved tools / platforms

Current licensed TallyPrime, spreadsheet support and official Tally/GST guidance. Tax rates and legal filing requirements must be verified for the applicable period.

Knowledge boundaries

Include	Quality rule	Exclude / escalate
The eight approved modules, four sections, named tools, projects and mapped entry-level roles.	Require accurate records, transparent formulas or workflows, validation controls, business explanation and reproducible outputs.	Do not use outdated rates, laws or platform procedures without date-specific verification.
Current product/platform procedures only when version and date are known.	Use primary documentation and record the source version.	Do not invent current commands, prices, tax rates, policies or certification status.
Evidence-based career guidance.	Cite tests, projects, capstone, viva and verified resume evidence.	No guaranteed job, placement, salary, interview or employer claim.

LLM answer pattern: identify the course and version, answer from approved records, cite record IDs, distinguish verified facts from guidance, and state any missing evidence.

NT-C-038 | Tally Prime with GST | NT-C-038-S01 Deep Knowledge

Modules 1-2 | objectives, concepts, evidence and remediation

Section competency	Debits, credits, journals and financial statements; Company, groups, ledgers and controls
Completion evidence	Accounting exercises; Configured company
Section weight	20% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 1 - Accounting foundation

Objective: Debits, credits, journals and financial statements

Observable evidence: Accounting exercises

Concept	Approved knowledge statement	Application behaviour	Evidence
Debits	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when debits is appropriate; apply it in a Tally Prime with GST task; verify the result.	Accounting exercises
credits	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when credits is appropriate; apply it in a Tally Prime with GST task; verify the result.	Accounting exercises
journals	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when journals is appropriate; apply it in a Tally Prime with GST task; verify the result.	Accounting exercises
financial statements	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when financial statements is appropriate; apply it in a Tally Prime with GST task; verify the result.	Accounting exercises

Module 2 - Company setup

Objective: Company, groups, ledgers and controls

Observable evidence: Configured company

Concept	Approved knowledge statement	Application behaviour	Evidence
Company	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when company is appropriate; apply it in a Tally Prime with GST task; verify the result.	Configured company
groups	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when groups is appropriate; apply it in a Tally Prime with GST task; verify the result.	Configured company
ledgers	An organised accounting record for a specific account. In Tally Prime with GST, it must be demonstrated through an observable task, not only recalled as a definition.	Explain when ledgers is appropriate; apply it in a Tally Prime with GST task; verify the result.	Configured company
controls	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when controls is appropriate; apply it in a Tally Prime with GST task; verify the result.	Configured company

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Accounting exercises; Configured company, return to Modules 1-2, complete one guided practice and then use a new equivalent test form.

NT-C-038 | Tally Prime with GST | NT-C-038-S02 Deep Knowledge

Modules 3-4 | objectives, concepts, evidence and remediation

Section competency	Purchase, sales, receipts, payments and journals; Stock groups, items, units and valuation
Completion evidence	Transaction set; Inventory records
Section weight	25% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 3 - Vouchers

Objective: Purchase, sales, receipts, payments and journals

Observable evidence: Transaction set

Concept	Approved knowledge statement	Application behaviour	Evidence
Purchase	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when purchase is appropriate; apply it in a Tally Prime with GST task; verify the result.	Transaction set
sales	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when sales is appropriate; apply it in a Tally Prime with GST task; verify the result.	Transaction set
receipts	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when receipts is appropriate; apply it in a Tally Prime with GST task; verify the result.	Transaction set
payments	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when payments is appropriate; apply it in a Tally Prime with GST task; verify the result.	Transaction set
journals	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when journals is appropriate; apply it in a Tally Prime with GST task; verify the result.	Transaction set

Module 4 - Inventory

Objective: Stock groups, items, units and valuation

Observable evidence: Inventory records

Concept	Approved knowledge statement	Application behaviour	Evidence
Stock groups	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when stock groups is appropriate; apply it in a Tally Prime with GST task; verify the result.	Inventory records
items	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when items is appropriate; apply it in a Tally Prime with GST task; verify the result.	Inventory records
units	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when units is appropriate; apply it in a Tally Prime with GST task; verify the result.	Inventory records
valuation	User acceptance testing that validates a solution against agreed business needs. In Tally Prime with GST, it must be demonstrated through an observable task, not only recalled as a definition.	Explain when valuation is appropriate; apply it in a Tally Prime with GST task; verify the result.	Inventory records

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Transaction set; Inventory records, return to Modules 3-4, complete one guided practice and then use a new equivalent test form.

NT-C-038 | Tally Prime with GST | NT-C-038-S03 Deep Knowledge

Modules 5-6 | objectives, concepts, evidence and remediation

Section competency	Bank ledgers, reconciliation and payment workflow; Registration details, tax ledgers and invoice setup
Completion evidence	Reconciled bank; GST-ready company
Section weight	25% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 5 - Banking

Objective: Bank ledgers, reconciliation and payment workflow

Observable evidence: Reconciled bank

Concept	Approved knowledge statement	Application behaviour	Evidence
Bank ledgers	An organised accounting record for a specific account. In Tally Prime with GST, it must be demonstrated through an observable task, not only recalled as a definition.	Explain when bank ledgers is appropriate; apply it in a Tally Prime with GST task; verify the result.	Reconciled bank
reconciliation	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when reconciliation is appropriate; apply it in a Tally Prime with GST task; verify the result.	Reconciled bank
payment workflow	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when payment workflow is appropriate; apply it in a Tally Prime with GST task; verify the result.	Reconciled bank

Module 6 - GST configuration

Objective: Registration details, tax ledgers and invoice setup

Observable evidence: GST-ready company

Concept	Approved knowledge statement	Application behaviour	Evidence
Registration details	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when registration details is appropriate; apply it in a Tally Prime with GST task; verify the result.	GST-ready company
tax ledgers	An organised accounting record for a specific account. In Tally Prime with GST, it must be demonstrated through an observable task, not only recalled as a definition.	Explain when tax ledgers is appropriate; apply it in a Tally Prime with GST task; verify the result.	GST-ready company
invoice setup	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when invoice setup is appropriate; apply it in a Tally Prime with GST task; verify the result.	GST-ready company

Remediation: If the learner cannot explain the purpose, complete the stated task or provide Reconciled bank; GST-ready company, return to Modules 5-6, complete one guided practice and then use a new equivalent test form.

NT-C-038 | Tally Prime with GST | NT-C-038-S04 Deep Knowledge

Modules 7-8 | objectives, concepts, evidence and remediation

Section competency	Tax invoices, returns reports and error review; Payroll/TDS awareness, backup, security and month close
Completion evidence	GST reporting pack; Complete accounts file
Section weight	30% of the weighted mock-test average
Assessment	10 concept MCQ (30 marks) + 4 business scenarios (30) + 1 practical case/workbook (40)

Module 7 - GST operations

Objective: Tax invoices, returns reports and error review

Observable evidence: GST reporting pack

Concept	Approved knowledge statement	Application behaviour	Evidence
Tax invoices	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when tax invoices is appropriate; apply it in a Tally Prime with GST task; verify the result.	GST reporting pack
returns reports	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when returns reports is appropriate; apply it in a Tally Prime with GST task; verify the result.	GST reporting pack
error review	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when error review is appropriate; apply it in a Tally Prime with GST task; verify the result.	GST reporting pack

Module 8 - Capstone

Objective: Payroll/TDS awareness, backup, security and month close

Observable evidence: Complete accounts file

Concept	Approved knowledge statement	Application behaviour	Evidence
Payroll/TDS awareness	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when payroll/tds awareness is appropriate; apply it in a Tally Prime with GST task; verify the result.	Complete accounts file
backup	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when backup is appropriate; apply it in a Tally Prime with GST task; verify the result.	Complete accounts file
security	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when security is appropriate; apply it in a Tally Prime with GST task; verify the result.	Complete accounts file
month close	A defined competency within Tally Prime with GST. The learner must explain its purpose, apply it in an appropriate scenario, verify the result and produce the specified evidence.	Explain when month close is appropriate; apply it in a Tally Prime with GST task; verify the result.	Complete accounts file

Remediation: If the learner cannot explain the purpose, complete the stated task or provide GST reporting pack; Complete accounts file, return to Modules 7-8, complete one guided practice and then use a new equivalent test form.

NT-C-038 | Tally Prime with GST | Skill Ontology & Dependency Map

Atomic skills, learning order and evidence strength

Skill ID	Competency	Depends on	Evidence	Type
NT-C-038-SK01	Accounting foundation	Prerequisite foundation	Accounting exercises	Critical
NT-C-038-SK02	Company setup	M01 plus earlier foundations	Configured company	Critical
NT-C-038-SK03	Vouchers	M02 plus earlier foundations	Transaction set	Supporting
NT-C-038-SK04	Inventory	M03 plus earlier foundations	Inventory records	Supporting
NT-C-038-SK05	Banking	M04 plus earlier foundations	Reconciled bank	Supporting
NT-C-038-SK06	GST configuration	M05 plus earlier foundations	GST-ready company	Critical
NT-C-038-SK07	GST operations	M06 plus earlier foundations	GST reporting pack	Supporting
NT-C-038-SK08	Capstone	M07 plus earlier foundations	Complete accounts file	Critical

Evidence-strength hierarchy

Strength	Evidence source	Use
High	Trainer-observed practical, viva, working source/project files and reproducible output.	May support verified mastery when rubric threshold is met.
Medium	Scored mock tests, reviewed assignments and documented portfolio artifacts.	Supports mastery with corroboration.
Low	Resume claim, self-report, attendance or video completion without demonstration.	May trigger verification; cannot alone support Apply Now.

CareerTours must not treat attendance, time spent or content opened as skill mastery.

NT-C-038 | Tally Prime with GST | Assessment Knowledge & Sample Items

Non-live examples for LLM training and evaluation

Sample ID	Type	Question	Approved answer / rubric anchor
NT-C-038-S01-EX01	Evidence/application	What evidence best demonstrates the combined competency of Accounting foundation and Company setup?	The learner should provide Accounting exercises; Configured company and explain how the work applies Debits, credits, journals and financial statements; Company, groups, ledgers and controls. Recall alone is insufficient.
NT-C-038-S01-EX02	Scenario/remediation	A learner reports completing Company setup but cannot produce Configured company. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-038-S01, request Configured company, and allow a new equivalent test only after remediation.
NT-C-038-S02-EX01	Evidence/application	What evidence best demonstrates the combined competency of Vouchers and Inventory?	The learner should provide Transaction set; Inventory records and explain how the work applies Purchase, sales, receipts, payments and journals; Stock groups, items, units and valuation. Recall alone is insufficient.
NT-C-038-S02-EX02	Scenario/remediation	A learner reports completing Inventory but cannot produce Inventory records. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-038-S02, request Inventory records, and allow a new equivalent test only after remediation.
NT-C-038-S03-EX01	Evidence/application	What evidence best demonstrates the combined competency of Banking and GST configuration?	The learner should provide Reconciled bank; GST-ready company and explain how the work applies Bank ledgers, reconciliation and payment workflow; Registration details, tax ledgers and invoice setup. Recall alone is insufficient.
NT-C-038-S03-EX02	Scenario/remediation	A learner reports completing GST configuration but cannot produce GST-ready company. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-038-S03, request GST-ready company, and allow a new equivalent test only after remediation.
NT-C-038-S04-EX01	Evidence/application	What evidence best demonstrates the combined competency of GST operations and Capstone?	The learner should provide GST reporting pack; Complete accounts file and explain how the work applies Tax invoices, returns reports and error review; Payroll/TDS awareness, backup, security and month close. Recall alone is insufficient.
NT-C-038-S04-EX02	Scenario/remediation	A learner reports completing Capstone but cannot produce Complete accounts file. What should CareerTours do?	Mark the evidence Not Yet Verified, assign practice from NT-C-038-S04, request Complete accounts file, and allow a new equivalent test only after remediation.

Live bank rule: Generate at least three times the live quantity for each section using the approved Business/Office blueprint. Human-review every scored item before initial production release.

NT-C-038 | Tally Prime with GST | Labs, Projects & Scoring Rubrics

Practical proof of learning and ownership

Level	Approved project	Skills evidenced	Required deliverables
Mini 1	Trading-company books	Ledgers and vouchers	Brief; working/source file or reproducible environment; output; validation notes; reflection.
Mini 2	GST sales/purchase cycle	Invoices and GST reports	Brief; working/source file or reproducible environment; output; validation notes; reflection.
Capstone	Month-end accounts	Inventory, bank reconciliation and controls	Brief; working/source file or reproducible environment; output; validation notes; reflection.

Standard project rubric

Dimension	Weight	What earns credit
Problem framing	15%	Clear objective, user/business need, assumptions and success criteria.
Technical/design accuracy	25%	Correct methods, appropriate tools and sound decisions.
Completeness	15%	Required features, assets, data or workflow are present.
Testing and validation	15%	Important normal, edge, quality or failure cases are checked.
Evidence and reproducibility	15%	Source/working files, setup, inputs, outputs and version information are available.
Documentation	5%	Concise structure, instructions and limitations.
Viva / ownership	10%	Learner can explain decisions, demonstrate work and respond to a change request.

Require accurate records, transparent formulas or workflows, validation controls, business explanation and reproducible outputs.

NT-C-038 | Tally Prime with GST | Career Roles, Evidence & Gap Actions

Explainable top-three occupation matching

Rank	Occupation	Default weighted skills	Minimum evidence	Gap action
1	Tally Operator	Vouchers 34% [critical]; ledgers 33% [critical]; reports 33%	Complete company file	If a critical skill is below 60 or complete company file is missing, return Improve First or Needs Evidence with the linked module/project.
2	Accounts Assistant	Accounting 34% [critical]; bank 33% [critical]; inventory 33%	Month-close pack	If a critical skill is below 60 or month-close pack is missing, return Improve First or Needs Evidence with the linked module/project.
3	Billing & GST Executive - Junior	Tax invoices 50% [critical]; GST reports 50% [critical]	Checked GST workflow	If a critical skill is below 60 or checked gst workflow is missing, return Improve First or Needs Evidence with the linked module/project.

Course readiness	45% section mocks + 20% mini projects + 25% capstone + 10% viva.
Role readiness	45% role-relevant mastery + 25% projects/capstone + 20% aligned mocks + 10% verified resume evidence.
Evidence confidence	Show separately; Apply Now requires at least 70.
Resume extraction	Use only relevant skills, projects, education, experience and portfolio evidence; minimise personal data before external model processing.

A student may be Apply Now for one mapped occupation and Improve First for another. Return independent evidence and gaps for each role.

NT-C-038 | Tally Prime with GST | FAQs, Misconceptions & LLM Response Pack

Course-specific retrieval and response patterns

Approved FAQ	Answer
Who is Tally Prime with GST for?	Commerce learners, business staff and job seekers targeting accounts and billing roles.
What should I know before starting?	Basic accounting understanding is helpful.
How long is the approved learning journey?	8-10 weeks / 80-120 guided hours.
What will I be able to demonstrate?	Record business transactions, manage inventory and produce controlled accounting and GST reports in TallyPrime.
Does completion guarantee a job?	No. Completion and role readiness are evidence-based guidance; employment, placement, salary and employer selection are not guaranteed.
What if I fail a section?	CareerTours identifies the failed skill tags and module, assigns targeted practice, and permits an equivalent retest after remediation.

Misconception	Approved correction
Attendance proves mastery	False - require tests and observable practical/project evidence.
One total score proves every role fit	False - calculate each occupation using its weighted skills and evidence.
The LLM can add missing details	False - retrieve approved records or state that evidence is insufficient.
Course completion guarantees employment	False - never claim guaranteed job, placement, salary or interview.
Tally Prime with GST knowledge never changes	False - version-sensitive tools, laws, taxes, security and platform procedures require review.
